DRUG DEALER SENTENCED TO 14 YEARS IN PRISON

Muncie Indiana – On February 24, 2022, the Honorable Linda Ralu Wolf, Judge of the Delaware County Circuit Court No. 3 sentenced Richard A. Bond (DOB 09/03/1983) to 14 years in prison. On December 2, 2022, Bond pled guilty to Dealing in Methamphetamine, a Level 2 Felony stemming from a 2018 investigation conducted by the Eaton Indiana Police Department. Delaware County Prosecuting Attorney said “I am glad that a drug dealer is going to prison. We have far too many people slinging poison in our community for profit. The Indiana Supreme Court has said that ‘purveyors of illegal narcotic drugs are a menace to society.’ I could not agree more. Drug Dealing is a crime against the public at large. It not only affects the immediate families of the perpetrator and the buyer, it also affects our entire community. It is a dangerous and oftentimes violent endeavor that has ruined countless lives. Drug dealing deteriorates the quality of life in this community. Everyone who works in law enforcement knows all too well that drug dealing and violent crime go hand in hand. The more drug dealers you lock up, the less violent crime you will have.” Deputy Prosecutor Andrew Ramirez prosecuted the case on behalf of the Delaware County Prosecutor’s Office.
