EMPLOYMENT AGREEMENT

AGREEMENT WITH: Board of Commissioners of Delaware County
 100 W. Main Street
 Muncie, IN 47305

PROJECT: Jail Project

This document lists the terms of employment of Bingham Greenebaum Doll LLP (the "Firm") as special counsel for Delaware County, Indiana (the "County") in connection with the project described above.

The time of each attorney who may work on your project is billed at differing hourly rates. Each attorney's rate depends on his or her experience and skill for the type of work required by the project, and the novelty and complexity of the issues involved. Paralegals and clerks also have hourly rates. Rates are reviewed annually. Time spent on a project is recorded daily. Examples of time which is recorded are time involved in research, investigation, telephone calls, travel, conferences, court appearances, preparation, drafting, correspondence and organizing files, evidence and materials.

Charges, in addition to time charges, will be made for certain items. Examples include charges for photocopies, long-distance telephone calls, travel, postage, overnight delivery, facsimile, deposition or transcript fees, witness fees, filing fees, court costs, computer research, messenger service, and secretarial overtime. The Firm may request that you pay a third-party vendor of goods or services directly for any charges which exceed One Hundred Dollars (\$100).

Bills will be sent monthly. Payment is due upon receipt.

The County or the Firm may terminate the Firm's representation at any time, effective only upon receipt of written notice. In such event, appropriate arrangements will be made for delivery of the County's files and payment for the Firm's services. Any termination by the Firm would only be in accordance with its ethical obligations to you, local Rules of Court and the Indiana Rules of Professional Conduct.

We may have performed certain legal services and incurred charges before you sign this agreement. We will bill for these services and charges in our first statement.

The County is hiring us only in connection with the project described in the beginning of this agreement. If the County later desires to use us for other matters and we accept the representation, we may ask that a separate agreement be executed for the other project. The new

agreement may contain terms different from those contained in this one. If no additional agreement is executed, this agreement will apply to the new projects.

We ethically cannot guarantee any particular result that we may obtain on your behalf. However, we will provide competent and diligent representation, with the legal knowledge, skill, thoroughness and preparation reasonably necessary for the representation.

Bingham Greenebaum Doll is enrolled in and verifies the work eligibility status of all newly hired employees of Bingham Greenebaum Doll through the E-Verify program. Pursuant to I.C. 22-5-1.7-11, Bingham Greenebaum Doll is not required to verify the work eligibility status of all newly hired employees of Bingham Greenebaum Doll through the E-Verify program if the E-Verify program no longer exists.

As required by I.C. 5-22-16.5, Bingham Greenebaum Doll certifies that it has not and is not engaged in investment activities in Iran.

In the event Bonds are issued for this project, the following terms may apply:

Bond Counsel is engaged as a recognized expert whose primary responsibility is to render an objective legal opinion with respect to the authorization and issuance of bonds. As Bond Counsel, we will: examine applicable laws; prepare all resolutions and ordinances necessary to authorize and secure the Bonds and other authorizing documents; consult with the parties to the transaction prior to the issuance of the Bonds; prepare documentation to be included in, and review, a certified transcript of proceedings; and undertake such additional duties as we deem necessary to render our opinion. Additionally, if you need our assistance on real estate title and conveyance matters (including compliance with I.C. 36-10-3-23 in the event the land site for the project is not presently owned by the County), construction matters, bond disclosures (in the event the issuance is not undertaken as a private placement), post issuance bond services or other matters that are outside the scope of the traditional responsibilities of bond counsel ("Additional Services"), we will separately describe such service in a supplement to this letter should you request we undertake such additional duties. Unless so undertaken in writing, no Additional Services are being undertaken by us.

Subject to completion of the proceedings to our satisfaction, we will render our opinion that, among other things, the Bonds are valid and binding obligations of the County in accordance with the terms and provisions thereof and secured by a pledge of and payable solely out of a special fund established for such purpose and that the interest on the Bonds is: (i) exempt from gross income for federal income tax purposes, and (ii) exempt from Indiana income taxes (subject to certain limitations which will be expressed in the opinion). The opinion will be executed and delivered by us in written form on the date the Bonds are exchanged for their purchase price (the "Closing") and will be based on the facts and law existing as of its date. Upon delivery of the opinion, our responsibilities as bond counsel will be concluded with respect to this financing; specifically, but without implied limitation, we do not undertake (unless separately engaged as part of Additional Services) to provide continuing advice to the County, the County or any other party concerning any actions necessary to assure that interest paid on the Bonds will continue to be excluded from gross income for federal income tax purposes.

In rendering the opinion, we will rely upon the certified proceedings and other certifications of public officials and other persons furnished to us without undertaking to verify the same by independent investigation. We do not review the financial condition of the County, the feasibility of the project to be financed with Bond proceeds, or the adequacy of the security provided to Bond owners, and will express no opinion relating thereto. As Bond Counsel, we do not advocate the interests of the County, the County or any other party to the transaction in connection with the financing transaction except in the rendering of the Additional Services. We assume that the County and the County will be represented by its counsel and that other parties to the transaction will retain such counsel as they deem necessary or appropriate to represent their interests in the transaction.

As Bond Counsel, unless separately engaged, we will not assume or undertake responsibility for the preparation of an official statement or other disclosure documents with respect to the Bonds, nor are we responsible for performing any independent investigation to determine the accuracy, completeness or sufficiency of any such document. However, if a disclosure document is adopted and approved by the County, our responsibilities will include the preparation or review of any description therein of (i) Indiana and federal law pertaining to the validity of the Bonds and the tax treatment of interest paid thereon, (ii) the terms of the Bonds, and (iii) our opinion.

Our fees will be based upon: (i) our current understanding of the terms, structure, size and schedule of the financing, (ii) the duties we will undertake pursuant to this letter (excluding Additional Services), and (iii) the time we anticipate devoting to the financing. A final fixed fee will be agreed to in advance of the closing. In addition, we will expect to be reimbursed for all out-of-pocket expenses, including travel costs, photocopying, deliveries, long distance telephone charges and other necessary office disbursements. We would expect these charges to be approximately \$1,000 (excluding travel to the national rating agencies which we would not anticipate to be necessary).

If for any reason the financing is not consummated or is completed without the rendition of our opinion as bond counsel or if we provide Additional Services, we would expect to be compensated based upon time actually spent on an hour rate basis as in effect from time to time, plus out-of-pocket expenses. Absent a mutually agreed upon alternate arrangement, we would expect our fee to be paid no later than the Closing out of Bond proceeds.

We are pleased to be of service to you.

Mr. Robert Jessee, Highway Superintendent, provided an update regarding paving and annual cutting of right-of ways. Delaware County does not do the right-of way cutting any longer, other than an easement or for public safety. Homeowners are responsible for drainage (tiles) under their driveway. Jesse said farmers should be addressed too, since the crops go into the culvert/ditches and creates a big problem. The ditch should be cleaned out by the farmer.

Mr. Brooke said he could send a letter to property owners, since it impacts the roads. An ordinance could be considered. Mr. Brooke said the county has right-of way from edge of pavement to edge of pavement.

Mr. Ron Quakenbush, Yorktown, Indiana, said farmers should/could consider silt fence. County road maintenance edge of pavement.

Commissioner Riggin said Stormwater should work on that.
