June 19th, 2020

FOR IMMEDIATE RELEASE:

9 NEW CASES OF COVID-19 IDENTIFIED IN DELAWARE COUNTY; 3 NEW DEATHS

DELAWARE COUNTY, IN- The Delaware County Health Department (DCHD) reports Friday of 3 additional deaths being identified and 9 additional individuals within Delaware County having tested positive through lab testing for SARS-CoV-2 (the virus that causes COVID-19 infection) since the last release on 06/11/2020. This brings the latest totals to 405 confirmed cases and 45 attributed deaths.

The 9 additional cases since our last report on 6/11/20 include:

- 1 individual over the age of 20
- 1 individual over the age of 30
- 2 individuals over the age 50
- 1 individual over the age of 60
- 2 individuals over the age of 70
- 2 individuals over the age 80

The 3 newly reported deaths all occurred among residents of local long-term care facilities. There are 3 Delaware County residents currently hospitalized. (*Additional hospitalizations from other counties may be present at IUBMH)

Earlier this month, the Indiana State Department of Health began assuming responsibility for case investigation and contact tracing throughout Indiana. This role was previously managed by local health departments. ISDH assumed responsibility of these tasks on May 18th for Delaware County. Due to this additional level of information filtration occurring, DCHD will continue with weekly press releases concerning case totals in an effort to ensure the data being reported is accurate. The Indiana State Department of Health (ISDH) provides statewide updates as new information becomes available. Visit the ISDH website at in.gov/coronavirus for the most up-to-date information on COVID-19 in Indiana.

For updated local information: The Delaware County Emergency Management Agency, in collaboration with the Delaware County GIS Department, have created and are maintaining a central location for local updates. Please visit the Delaware County, Indiana Coronavirus Hub at www.dcema.com.
